

Forklift Operator / Warehouse Worker

Job Description

A forklift operator at Sprecher Brewing company will be responsible for the movement of products and supplies throughout our warehouse facilities. This individual will be a skilled forklift operator who works in an efficient and organized manner while prioritizing safety.

Job Responsibilities

- Assist with all shipping, receiving, and inventory organization operations and help to efficiently carry out all product loading and unloading tasks
- Work under supervision and direction of the warehouse manager
- Receive and process new inventory, ensuring contents match manifest documents
- Unload, stack, move, and place products in designated areas and transfer products between warehouse locations as needed.
- Use forklifts, pallet jacks, hand carts, etc. to transfer and deliver goods
- Label warehouse stock for quick and easy identification and retrieval
- Accurately fulfill outgoing orders
- Ensure tools and equipment are kept clean and in working order
- Report any equipment malfunctions or issues to upper management
- Wear protective clothing and equipment as required
- Comply with all Good Manufacturing Practices (GMPs), Standard Operating Procedures (SOP's), and any/all established processes, whether established by a manager, by the company or by law
- Operate tools and machinery safely and efficiently according to company protocol
- Work with other warehouse team members to effectively complete assigned tasks
- Maintain a positive, efficient, and professional work environment
- Work in a safe manner and comply with all health, safety, security and emergency requirements

- Provide hands-on support with solving daily production issues as well as supporting continuous improvement processes with recommending solutions to address capacity, efficiency, and quality
- Other duties as assigned by Supervisor

Skills and Qualifications

- High school diploma or GED equivalent
- Forklift certification or experience and/or the ability to successfully complete forklift training
- Some experience, preferably in a food or beverage manufacturing facility or similar manufacturing environment.
- Comfortable learning new equipment and mechanical systems and troubleshooting under pressure
- Understanding of food safety, workplace safety, and food quality standards is strongly preferred
- Ability to perform all essential functions and physical demands of the position
- Ability to stand for long periods of time on concrete floors and ability to continuously be active including but not limited to: walking, stooping, bending, reaching and crouching
- Ability to lift up to 50 lbs and occasionally 75 lbs
- Excellent communication skills
- Self-directed, personally motivated, and strong attention to detail
- Team player able to work well with others and contribute to a positive work environment
- Excellent attendance and performance track record
- Able to work in a fast-paced environment, while focusing on meeting or exceeding expectations
